RE: Granite America at Cattail Trace

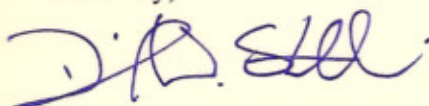

Gene,

It has been over eight months since we first started working with Granite America. And I just wanted to take a moment to let you know how much we appreciate all the hard work that you and your team have put in to making Cattail Trace a successful community. We have received nothing but excellent service from Granite America and I know that you will continue your efforts in the future.

Everyone on your staff that we have dealt with has been enthusiastic and very helpful to us and most importantly to our customers. I know that we both share the same goals of making sure that our customers get the best service and the best quality product possible. It is because of this that our working relationship with Granite America has been successful.

Thank you again for all your efforts.

Sincerely,

Dan Stebbins
Asst. Project Manager
